---

Hi Eric,

I was hoping you might be able to help me locate the location coordinates for smallmouth bass from the Round 1 and Round 3B collection efforts. I am putting together a map for a talk I am giving in Nov. I looked through the Round 1 and 3B field sampling reports and could not find this information. I am interested in both the composite coordinates and the coordinates for the individual fish that went into the composite. I am hoping you might be able to easily pass on this info since I know you have put together maps for your data evaluation efforts.

Thanks!

Jennifer
